

Thursday 2nd April

Core Squad Session

We need to try to simulate a 400m track, if you have some cones you could use at the corners of a football/rugby pitch as a guide, if not some baseball hats would suffice, to create a simple 400m track around the pitch.

15-minute warm-up followed by Active Drills

Main session

3 sets of 3 x 400m (1st in 76") 2'r (2nd in 73") 3'r (3rd in 70") 5's between sets

4 x 150 stride outs (to help to get the session out of the legs)

10-minute cool-down followed by stretches to finish.
